OBJECTIVE

Results-driven full-stack developer with a strong background in project management and a passion for creating innovative software solutions. Seeking a challenging role where I can leverage my technical expertise, creative problem-solving skills, and user-centric approach to drive positive outcomes. With a proven track record of successfully delivering projects from conception to completion, I am confident in my ability to contribute to a dynamic team and make a significant impact on the organization.

PROJECTS

PicklePal | Full-Stack Application | github.com/rosesblake/picklePal-app

- ⇢ Developed a social platform for pickleball players using Python, Flask, PostgreSQL, and TailwindCSS.
- ⇢ Integrated Google Maps API for location-based court searches and player connections.
- ⇢ Demo site deployed at picklepal.onrender.com

TECHNICAL SKILLS

Programming Languages & Frameworks: Python, JavaScript, Flask, Node.js, Express

Databases: PostgreSQL, SQLAlchemy

Tools & Libraries: Git, Tailwind CSS, Bootstrap, Jasmine, Jest

WORK EXPERIENCE

Software Engineering Student - Springboard - *April/2024 - Remote*

- ⇢ Developed a full-stack social platform ("PicklePal") for pickleball players utilizing Python, Flask, PostgreSQL, and TailwindCSS. This project demonstrates my ability to design, build, and deploy a complete software solution.

- → Implemented Google Maps API for location-based court searches and player connections, enhancing user experiences and facilitating community building.
- → On track to complete 600+ hours of hands-on course material, with 1:1 industry expert mentor oversight, and 4 in-depth portfolio projects.
- → Gaining experience in full-stack development through projects focused on languages such as Python, JavaScript, and frameworks like Flask, Node.js, and Express.

Executive Audio Engineer - Pastel Recording Co. - *May/2019 - present* - Van Nuys, CA
- → Managed complex signal flow and resolved technical issues, mirroring debugging and troubleshooting in software development.
- → Led projects from conception to completion, ensuring alignment with client goals, akin to managing full-stack development projects.
- → Maintained and updated studio systems, paralleling the upkeep of development environments and software tools.

Server/Bartender & Catering Lead - Campisi's - *Oct/2011 - May/2019* - Dallas, TX
- → Building rapport with customers to ensure satisfaction and repeat business.
- → Created and managed bar events, specials, and weekly cocktail menu.
- → Trained new employees on front-of-house procedures and managed bar stock.

EDUCATION

2024 Springboard - Software Engineering Student
- → On track to 600+ hours of hands-on course material, with 1:1 industry expert mentor.
- → Oversight, and completion of in-depth portfolio projects.

2013 Rockwall-Heath - High School Diploma
